CHECKLIST

Corner desk or straight desk: room-fit checklist

- [ ] Measure both walls either side of the corner you're considering
- [ ] Mark the full desk footprint on the floor with tape
- [ ] Check doors, drawers and windows still open with the footprint marked
- [ ] Walk the route from the door to the chair and spot pinch points
- [ ] Confirm a socket or cable route reaches the desk without crossing a walkway
- [ ] Decide whether the desk needs to move again in future
- [ ] Note where natural light falls before fixing the final position
