CHECKLIST

Pedestal desk suitability checklist

- [ ] Measure the room and mark the desk footprint on the floor
- [ ] List what you store now and estimate drawer depth required
- [ ] Check desk height against your chair and elbow position
- [ ] Consider how often you need to move or reconfigure the workspace
- [ ] Think about cable management and power access
- [ ] Decide whether you need storage on both sides or one side only
- [ ] Compare pedestal desk weight and mobility with alternative designs
